Dear Mr. Lonergan:

This letter is to express our appreciation for the excellent Report of Investigation our office received from Special Agent George J. Hallett (file number NY-2836-155).

That report exceeds the high standards previously established by OI with this office and has been most helpful in determining the applicant's fitness to be registered with the CFIC. The report was clear, accurate and answered all of the interrogatives. The details were in easily digested form. We especially appreciate the excellent manner and thoroughness of the documentation.

Please give our highest regards and thanks to Mr. Hallett for a most commendable investigation.

Sincerely,

William C. Yowell
